FLIPPED SCIENCE FAIR INFO SESSION

Pitch your research to a panel of New Haven's finest middle-schoolers!

6:30-7:30 pm

Wed 1/29 Med Campus (SHM B201)

Mon 2/3 Main Campus (Watson Center RM A30)

Thurs 2/5 West Campus Conference Center (RM 208)

Inspire the next generation of scientists by presenting your research in an accessible and engaging way!

The Flipped Science Fair is an event where scientists use posters to share their research with middle schoolers. In this info session, you'll learn all about the FSF and begin to distill your research message to effectively communicate with a **broad audience**.

Through FSF, presenters will hone their skills in **science communication**, **storytelling**, and **graphic design**!

Please **RSVP** so we know how much pizza to order! bit.ly/FSFinfo
