Urology Grand Rounds
6/3/2022
7:30-8:30am
Hybrid

“Early Findings from the Yale Kidney Stone Patient Registry”

The CME activity is designed to cover a broad range of clinical and research urologic topics which audience members will either have exposure to in their own urologic practices, as well as being generalizable to improve overall understanding and expansive to common and evolving urologic topics. The conference will also cover associated medical issues that many physicians and urologists are faced with as they manage complicated patients in a multidisciplinary community of physicians

For CME credits, please text code 29129 to 203.442.9435

Faculty:

Tinika A Montgomery, MD

Assistant Professor of Medicine (Nephrology)

Yale School of Medicine

Program Goal:

- 1 To better characterize the relationship between chronic kidney disease and nephrolithiasis
- 1 To explore the natural history of kidney stone conversion
- 2 To better characterize the relationship between dietary intake and uric acid stones
