NEEDS ÁSSESSMENT

This lecture reviews HYPERSOMNIA. This diagnosis may be under recognized especially as a primary disorder. Patients may not be adequately evaluated for secondary causes, and this lecture will allow learners to further understand the neurobiology and how to evaluate these disorders comprehensively.

LEARNING OBJECTIVES

At the conclusion of this talk, participants will:

- I. This lecture reviews an overview of the neurobiology regarding sleep/wake neuronal substrates
- 2. This lecture reviews the known mechanisms involved in primary and secondary hypersomnias

3. Review of relevant AASM practice parameters and to provide an overview of the current state of the art regarding IDIOPATHIC HYPERSOMNIA

Moderator: Aarti Grover, MD

DESIGNATION STATEMENT

The Yale School of Medicine designates this live activity for I AMA PRA Category I Credit(s)TM. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

FACULTY DISCLOSURES

Lauren Tobias, MD, Course Director – No conflict of interest

Joel M Oster, MD - No conflict of interest

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity, and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.
