Sean J. Haley, PhD, MPH is Assistant Professor of Health and Nutrition Sciences at Brooklyn College and CUNY School of Public Health. Dr. Haley has worked for nonprofits, state and county governments, and as a consultant.

Dr. Haley has evaluated the alcohol and drug abuse screening and treatment services available at community health center sites across New York State, and assessed population health activities of all New York State community health centers.

The Addiction Speaker Series features leading experts in the addiction and substance abuse field. Each month, a new expert is invited to speak about a particular subject. The event is free, but guests must RSVP in advance, as seating is limited.
