

# Interventional Radiology Grand Rounds

*Presented by*

**Yale School of Medicine's, Department of Radiology and Biomedical Imaging  
Section of Interventional Radiology**

## **“Endovascular DVT Therapy: Evidence, Observation, and Truth”**

**Suresh Vedantham, M.D.**

**Professor of Radiology and Surgery  
Mallinckrodt Institute of Radiology - Interventional Radiology  
St. Louis, MO**

**Assistant Dean for Clinical Research  
Medical Director, Center for Clinical Studies  
Washington University School of Medicine**

**Wednesday, October 16, 2019**

**7:30 am**

**Fitkin Auditorium**

**Course Director/Host: Kevin Kim, M.D.**

*There is no corporate support for this activity*

This course will fulfill the licensure requirement set forth by the State of Connecticut

The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

### **TARGET AUDIENCE**

Physicians, Fellows, Residents and Medical Students

### **NEEDS ASSESSMENT**

The role of interventional radiology in the management of venous thromboembolism has evolved during the past 20 years, and a number of pivotal randomized clinical trials have now been completed or are ongoing. The number and range of potential options has also increased. The purpose of this presentation will be to update the attendee on emerging data on endovascular DVT interventions with a particular focus on NIH trial data, and to discuss how these findings should be integrated with clinical observation in the management of VTE.

### **LEARNING OBJECTIVES**

At the conclusion of this activity, participants will be able to:

1. Summarize the results of three pivotal randomized trials of endovascular acute DVT therapy.
2. Determine when catheter-directed thrombolytic therapy is appropriate for acute DVT.
3. Identify the pros and cons of stent placement for post-thrombotic syndrome.

### **DESIGNATION STATEMENT**

The Yale School of Medicine designates this live activity for 1 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

### **FACULTY DISCLOSURES**

Suresh Vedantham, MD – Cook Medical  
PI for clinical trial  
Kevin Kim, MD - none

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.
