Therapeutic Radiology Grand Rounds

Proton Therapy for Thoracic Malignancies: Data and Clinical Advances

11/3/2022 9:00:00 AM–11/3/2022 10:00:00 AM | Medical Campus

Weekly grand rounds are necessary and essential to the educational mission of the department for trainees and faculty members to update them on the latest developments as well as a forum for discussion on the latest cases to promote group input.

Texting code for today's session: 34772

Faculty:

Charles B Simone, MD, FACRO, Research Professor and Chief Medical Officer
New York Proton Center and Memorial Sloan Kettering Cancer Center

Program Objective(s):

- 1 Understand the rationale for and potential benefits of proton therapy for thoracic malignancies
- 2 Review outcomes and toxicity of patients treated with proton therapy for thoracic malignancies
- 3 Understand the role of proton reirradiation in the management of patients with disease recurrence.

Target Audience: Oncology
