

Coronary Microvascular Disease: the Next Frontier in Ischemic Heart Disease

Marie A. Guerraty, MD, PhD

Instructor of Medicine

University of Pennsylvania

October 15, 2019 | 8:00 AM | Fitkin Amphitheatre, LMP 1094 | Host: Albert Sinusas, MD

There is no corporate support for this activity.

This course will fulfill the licensure requirement set forth by the State of Connecticut.

Accreditation:

The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Target Audience:

Attending physicians, house staff, fellows, medical students, PA's

Needs Assessment:

There is growing awareness and interest in the role of the coronary microvasculature in ischemic heart disease. New imaging technologies have made us aware of the importance of understanding and studying the coronary microvasculature, yet there is limited understanding of the pathophysiology of coronary microvascular disease and no directed therapies.

Learning Objectives:

At the conclusion of this activity, participants will be able to:

1. Understand why Coronary Microvascular Disease (CMVD) is an important and prevalent clinical entity.
2. Draw from existing genomic and developmental research to gain insight into CMVD.
3. Understand how transcriptional coregulator Friend of GATA 2 (FOG2) may play a role in CMVD.

Designation Statement:

The Yale School of Medicine designates this live activity for 1 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

Faculty Disclosures:

Marie A. Guerraty, MD, PhD - None
Course Director: Tariq Ahmad, MD - None

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.
