

“A Tale of Two Clinics: Connecting Muscle Degeneration with Neurodegeneration”

Conrad C. Weihl MD, PhD
Associate Professor of Neurology
Washington University in St. Louis; School of Medicine

Wednesday, October 22nd, 2014, 8:00 am, Brady Auditorium, Room B131

*This course will fulfill the licensure requirement set forth by the State of Connecticut
This Grand Rounds Activity is not supported by any Educational Grant*

ACCREDITATION

The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

NEEDS ASSESSMENT

Understanding the pathogenic similarities between age associated muscle weakness & neurodegenerative disorders. An emphasis will be placed on genetic & pathogenic etiologies of inclusion body myositis & myopathies

LEARNING OBJECTIVES

At the conclusion of this activity, participants will understand:

1. Pathogenic similarities between degenerative muscle & brain degeneration
2. Patterns of muscle weakness in sporadic inclusion body myositis
3. Future diagnostic & treatment options in muscle degeneration

DESIGNATION STATEMENT

The Yale School of Medicine designates this educational activity for 1 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

FACULTY DISCLOSURES

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.
