

**EXCLUSIVE INVITATION**  
for Friends of Faculty and Fellows

This activity  
is approved for  
AMA PRA  
Category 1  
Credits™.

— **5<sup>th</sup> Annual International Congress on** —  
**ONCOLOGY & PATHOLOGY™**

Towards Harmonization of Pathology and Oncology Standards

**VIRTUAL, INTERACTIVE CONFERENCE**  
**SATURDAY, JUNE 26, 2021**

**BENEFITS OF ATTENDING**

- Interact and collaborate with peers and colleagues in pathology and medical oncology
- Expand your knowledge of molecular characterization of tumors and novel diagnostic techniques, focusing on hematologic malignancies and genitourinary, gastrointestinal, lung, and breast tumors
- Hear about the latest research on emerging targeted therapies
- Learn about advances in biomarkers for tumor prognostication and prediction of response to therapies
- Obtain insights from leading experts on your most challenging cases in pathology

**CO-CHAIRS**

**Balazs Halmos, MD, MS**  
Professor of Clinical Medicine  
Director, Thoracic/Head and Neck Oncology  
Director, Clinical Cancer Genomics  
Albert Einstein College of Medicine/  
Montefiore Medical Center  
Bronx, NY

**Lynette M. Sholl, MD**  
Associate Professor, Pathology  
Harvard Medical School  
Associate Pathologist, Pathology  
Brigham and Women's Hospital  
Boston, MA

**Acknowledgment of Commercial Support**

This conference is supported by educational grants from Daiichi Sankyo, Inc., Illumina, Inc., and Novartis Pharmaceuticals Corporation.

**35% OFF  
REGISTRATION**  
for Friends of  
Faculty & Fellows

Register with  
code **ICOP21LP**.

*To register, visit*

## AGENDA

Time	End Time	Title	Faculty
8:00 AM	8:05 AM	Welcome, Introductions, and Presession Survey	Lynette M. Sholl, MD
<b>Focus on Gastrointestinal Cancers</b>			
8:05 AM	8:27 AM	Biomarker Testing in Gastroesophageal Cancers (including ERBB2)	Yelena Janjigian, MD
8:27 AM	8:49 AM	Diagnosis and Molecular Characterization of Hepatobiliary Tumors	Rondell Graham, MBBS
8:49 AM	9:11 AM	Keynote: Role of ctDNA and MRD in Solid Tumors (focus on CRC)	Jeanne Tie, MD
9:11 AM	9:16 AM	Question & Answer Session	GI Cancers Faculty Panel
<b>Focus on Genitourinary Cancers</b>			
9:16 AM	9:38 AM	PARP Inhibitors and Other Advances in Prostate Cancer	Daniel Petrylak, MD
9:38 AM	10:00 AM	Update on Biomarker Testing for GU Cancers (including FGFR)	Guru Sonpavde, MD
10:00 AM	10:22 AM	Advances in Immunotherapies and Associated Biomarkers in Genitourinary Malignancies	Matthew Galsky, MD, FASCO
10:22 AM	10:27 AM	Question & Answer Session	GU Cancers Faculty Panel
10:27 AM	10:47 AM	Break	
<b>Focus on Hematologic Malignancies</b>			
10:47 AM	11:09 AM	Role of Next Generation Sequencing in Testing for Mutations in Hematologic Malignancies	Annette S. Kim, MD, PhD
11:09 AM	11:31 AM	Clonal Hematopoiesis of Indeterminate Potential and Treatment of Myeloid Malignancies.	Benjamin Ebert, MD
11:31 AM	11:53 AM	Keynote: Advances in MRD in Hematologic Malignancies	C. Ola Landgren, MD
11:53 AM	11:58 AM	Post-session Survey	Lynette M. Sholl, MD
11:58 AM	12:03 PM	Question & Answer Session	Hematologic Malignancies Faculty Panel
11:58 AM	12:58 PM	Lunch	
<b>Focus on Breast Cancer</b>			
12:58 PM	1:08 PM	Afternoon Session Welcome and Pre-session survey	Balazs Halmos MD
1:08 PM	1:30 PM	Genomics of Breast Cancer Evolution	Christina Curtis, PhD, MSc
1:30 PM	1:52 PM	Novel Prognostic Markers and Associated Therapeutics in Advanced and Metastatic Breast Cancer	Lajos Pusztai, M.D, D.Phil.
1:52 PM	1:57 PM	Question & Answer Session	Breast Cancer Faculty Panel
<b>New Avenues on Cancer Biomarkers</b>			
1:57 PM	2:19 PM	HPV and EBV in Head and Neck Cancer	Barbara Burtness, MD
2:19 PM	2:41 PM	Keynote: Biomarkers for Treatment and Predicting Response to IO Across Tumors	Kurt Schalper, MD
2:41 PM	2:46 PM	Question & Answer Session	Biomarkers Faculty Panel
2:46 PM	3:06 PM	Break	
<b>Focus on Lung Cancers</b>			
3:06 PM	3:28 PM	Molecular Profiling of Lung Carcinoma and Mesotheliomas	Sanja Dacic MD
3:28 PM	3:50 PM	Neo-adjuvant therapy in Lung Cancer	Jarushka Naidoo, MD
3:50 PM	4:12 PM	Keynote: Role of ctDNA in Lung Neoplasms	Ben Levy, MD
4:12 PM	4:34 PM	Novel Targets and Evolving Treatment Strategies in NSCLC (including ERBB2, Exon20, MET, EGFR)	Balazs Halmos, MD Lynette M. Sholl, MD
4:34 PM	4:42 PM	Post-session survey	Balazs Halmos, MD
4:42 PM	4:47 PM	Question & Answer Session	Lung Cancer Faculty Panel
4:47 PM	4:52 PM	Closing Remarks & Adjournment	Balazs Halmos, MD
