## Climate Solutions for Child Health: What's Good for the Planet is Good for Our Patients

12/8/2021 12:00:00 PM–12/8/2021 1:00:00 PM | Medical Campus

The Pediatric Subspecialty Lecture series is a multidisciplinary series. The series includes one hour lectures and case presentations that update our pediatric subspecialist physicians, learners and other healthcare professionals on cutting edge biomedical sciences, clinical and educational practices, presenting this information in an understandable and clinically useful format, that informs the health care delivery and improves outcomes of children and adolescents. Pediatric Subspecialty lecture topics are varied.

**Texting code for today's session: 29703**

### Faculty:

Aparna Bole, MD  
Associate Professor  
Case Western Reserve University SOM

### Program Goal:

- 1 Describe at least two immediate child health benefits of climate solutions
