Needs:

This talk will discuss the need to increase URM and LGBTQ+ individuals into the reproductive health professions and eliminate the barriers that hamper their ability to seek fertility care.

Program Goals:

1. Understand the importance of mentorship for potential URM students in reproductive medicine.
2. Discuss the rationale to change the definition of infertility for our LGBTQ+ patient population.
3. Understand the need to have the patient demographics match the community in which the study was conducted.

Target Audience: Ob/Gyn
