“B cell response to vaccination in humans: Learning from experiments of nature”

Ali Ellebedy, PhD  
Associate Professor of Pathology and Immunology, Washington University School of Medicine

Tuesday, November 15, 2022 from 4-5 PM  
Brady Auditorium, BML 131

CME Activity Code: Text 34726 to 203-442-9435

Host: Dr. Steve Kleinstein  
Course Co-Directors: Dr. Carrie Lucas and Dr. Ellen Foxman

LEARNING OBJECTIVES
At the conclusion of this activity, participants will understand:
1. The basics of B cell response to vaccination in humans.
2. The basics of antibody response to SARS-CoV-2 mRNA vaccination.
3. The determinants of durability of antibody responses.

TARGET AUDIENCE
The target audience for the HTI Seminar Series comprises attending faculty, clinical and basic scientists, community physicians, nurses, residents, fellows, and students.

NEEDS ASSESSMENT
The HTI Seminar Series seeks to review the scientific basis for choice of immunologically related therapeutic targets in various diseases, including organ-specific and systemic autoimmunity, allergy, transplant rejection, cancer, and infectious diseases. The goal is to help understand the rationale and mechanism underlying the major pharmacologic approaches for interventional immunology in current practice and review the data on the different therapeutic approaches in different specialties.

FACULTY DISCLOSURES
Ali Ellebedy: Received research support from Moderna  
Carrie Lucas: None  
Ellen Foxman: None

ACCREDITATION
The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

DESIGNATION STATEMENT
The Yale School of Medicine designates this live activity for 1 AMA PRA Category 1 Credit(s)™. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity, and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.

There is no corporate support for this activity, and this activity is not supported by any educational grants.  
This course will fulfill the licensure requirement set forth by the State of Connecticut.
