

Presented by: Medical Education – Program for Biomedical Ethics

Ethical Issues we have Faced over the Pandemic and Lessons Learned

5/11/2022 5:00:00 PM – 6:30:00 PM | Online via Zoom

The Program for Biomedical Ethics at Yale School of Medicine provides multidisciplinary leadership regarding the ethical and social aspects of health care and medical research. Our interdisciplinary team draws upon philosophy, law and social and behavioral sciences to provide expert biomedical ethics consultations for families, researchers, physicians and other health care providers. Additionally, the Program for Biomedical Ethics develops and presents various ethics-related educational programs throughout the academic year for medical, nursing and physician assistant students, the community, Yale faculty as well as local, regional and national health care professionals. Mark Mercurio, MD, MA, is the Director of the Program for Biomedical Ethics. The Associate Directors of the Program for Biomedical Ethics are John S. Hughes, MD and Sarah Hull, MD.

Texting code for today's session: 30713

Faculty:

Mildred Z. Solomon, EdD

President, The Hastings Center

Professor of Global Health and Social Medicine, Harvard Medical School

Mark Mercurio, MD, MA

Professor of Pediatrics, Yale School of Medicine

Chief, Division of Neonatal-Perinatal Medicine

Director, Program for Biomedical Ethics

Program Goal:

- 1 Identify key national and international policy challenges that must be met to manage the current and future pandemics;
- 2 Consider the extent and limitations of the health care sector's obligations to address health inequities and identify promising health system innovations
- 3 Explore the importance of social cohesion and trust to effective management of public health crises.

Target Audience: Critical Care Medicine, Emergency Medicine, Family Practice, General Practice, Internal Medicine, Pediatrics, Psychiatry, Geriatric Medicine, Multiple Specialties, Nurse Practitioner, Physician Assistant, Psychology, Social Work, Infectious Diseases, Other, Primary Care
