# **RESEARCH OPEN HOUSE**

***WITH SPEED DATING***

---

**Tuesday February 14<sup>th</sup>  
12pm – 1pm EST**

# Yale

**[Click Here to Register!](#)**

Come learn about the **Vascular Medicine Outcomes (VAMOS) Lab** and our exciting research opportunities including our **Yale SOM 5<sup>th</sup> Year Research Experience**, T32 Vascular Outcomes Research Post-Doctoral Fellowship, and general research mentorship opportunities for all trainees.

The **Research Open House** will be held virtually on Zoom and in-person at the Yale Medical Library.

A program overview will be followed by breakout **“Speed Dating”** sessions for you to meet with our current students, fellows, and faculty to answer your individual questions.

---

VAMOS’ mission is to **serve communities by improving vascular health outcomes**. Multidisciplinary and global in its reach, it wants to build a culture of collaboration and diversity in vascular outcomes research.
