## Therapeutic Radiology Grand Rounds

### Combining Immunotherapy & Radiation Therapy in Stage III Non- Small Cell Lung Cancer

4/21/2022 9:00:00 AM–4/21/2022 10:00:00 AM | Medical Campus

Weekly grand rounds necessary and essential to the education mission of the department for trainees and peers at the faculty level on the latest developments as well as a forum for discussion on the latest cases to promote group input.

**Texting code for today's session: 26755**

#### Faculty:

Salma Jabbour, MD, FASTRO

Professor, Vice Chair of Clinical Research & Faculty Development; Clinical Chief of the Radiation Oncology Clinic at RWJBH

Rutgers Cancer Institute of New Jersey

#### Program Goal:

- 1 Appraise the biological mechanisms underlying the application of immune checkpoint inhibitors in the context of radiotherapy in the treatment of Stage III NSCLC
- 2 Evaluate reported clinical trials that evaluated the role of immune checkpoint inhibitors in the treatment of Stage III NSCLC
- 3 Study information about characteristics and incidence of pneumonitis from radiation, immune checkpoint inhibitors, and combinations

Target Audience: Oncology

#### *Financial Disclosure Information:*

*Accreditation Statement: Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.*
