

LEARNING OBJECTIVES: SI SURGERY PLASTIC AND RECONSTRUCTIVE SURGERY SUBINTERNSHIP

Overarching Goals of Curriculum	Elective objectives: By the end of the rotation, students will be expected to:	Where/how taught	Taught by	How student's achievement of objective is assessed	How feedback is given	Quantity target
1, 2, 3, 4, 5, 6	1. History skills: Gather the important information needed for the Plastic Surgery history and complete a history in the medical record for at least 4 (patients/wk). a. The student should name all the routine history for evaluation and management of wound problems, hand injuries, melanoma, facial trauma, cosmetic surgery and reconstructive (flap and graft) principles and techniques.	Plastic Surgery Conference rooms, wards, clinics & operating rooms	Attendings, Fellows & Residents	Direct feedback from interactive sessions	Immediate at time of discussion	8 patients (or scenarios)
1, 2, 3, 4, 5	2. Physical examination skills: Complete a pertinent physical examination for the evaluation of wounds, hand injury, facial trauma and melanoma (pigmented nevi) on 8 patients. The student should demonstrate the ability to perform this pertinent physical examination while being observed by at least one attending or resident. a. The student should know how to differentiate various depths of wounds to include pressure sores, lacerations, and created skin defects, normal from an abnormal hand exam, benign nevus from melanoma, and cosmetic surgery patient requests. b. The student should be able to explain each part of the physical examination of the hand, face, and skin micro architecture in depth.	Plastic Surgery Conference rooms, wards, clinics & operating rooms	Attendings, Fellows & Residents	Direct feedback from interactive sessions	Immediate at time of discussion	8 patients (or scenarios)
1, 2, 3, 4, 5, 6, 7, 8	3. Knowledge/diagnostic and treatment skills: Know about common conditions: management of open wounds, suspicious nevi, hand & face trauma and requests for cosmetic surgery.	Plastic Surgery Conference rooms, wards, clinics & operating rooms	Attendings, Fellows & Residents	Direct feedback from interactive sessions	Immediate at time of discussion	1/pt category (5 pts)
4	4. Procedural skills: The student will perform suturing, assisting in the operating rooms, assist in applying splints for fractured digits, change wound dressings, timing and removal of sutures	Operating rooms, wards & clinics	Attendings, Fellows & Residents	Direct feedback from interactive sessions	Immediate at time of discussion	10 pts
