Neuromodulation for the Treatment of Epilepsy:
Stimulation of the Thalamus for Arousal Restoral in Temporal Lobe Epilepsy (START)

Jason Gerrard, MD, PhD
Assistant Professor of Neurosurgery & Neuroscience
Director of Stereotactic & Functional Neurosurgery
Yale School of Medicine
Friday, February 14th, 2020, 7:50 am, Cohen Auditorium,
NIHB E 02 - 230 South Frontage Road

Course Director/Host: Jason Gerrard, MD, PhD/Murat Gunel, MD
This course will fulfill the licensure requirement set forth by the State of Connecticut

ACCREDITATION
The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

NEEDS ASSESSMENT
The fields of neuromodulation and closed loop neuromodulation in the treatment of neurologic disorders such as epilepsy is rapidly expanding. There is a need for these new treatment options for patients with refractory epilepsy and other neurologic disorders. There is also a need to improve and expand the devices that are available for these treatments. Finally, a better understanding regarding the biomarkers of neural network state and function is paramount in this field.

LEARNING OBJECTIVES
At the conclusion of this activity, participants will learn:
1. Describe the differences between closed loop and open loop neuromodulation.
2. Describe the findings of the SANTE (Stimulation of the anterior nucleus of the thalamus for treatment of epilepsy) trial and its impact on epilepsy treatment.
3. Identify loss of consciousness as the major morbidity of epilepsy.

DESIGNATION STATEMENT
The Yale School of Medicine designates this educational activity for 1 AMA PRA Category 1 Credit(s)™. Physicians should claim credit commensurate with the extent of their participation in the activity.

FACULTY DISCLOSURES
Jason Gerrard, MD, PhD – Yes
Murat Gunel, MD – none
It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.
