“Fluorescence-guided Surgery”

There is no corporate support for this activity
Course Director/Host: Lubna Pal, MBBS, FRCOG, MS, FACOG

Thursday, September 12, 2019 - 4:00PM-5:00PM
Brady Auditorium, 310 Cedar St

LEARNING OBJECTIVES:

At the conclusion of this talk, the attendees will be able to:

1. Familiarize themselves with surgical techniques using near-infrared light for the purpose of surgical landmarks identification and prevention of inadvertent injuries;
2. Be aware of advanced surgical techniques using fluorescence in Gynecologic Oncology and Gynecology; and
3. Be aware of fluorescence-enhanced surgical techniques in fertility preservation.

NEEDS ASSESSMENT:

Fluorescence-enhanced surgical techniques are an integral part of precision medicine, which is an emerging approach for disease treatments that takes into account patients' individual variability.

TARGET AUDIENCE

ObGyn attending physicians, house staff/fellows, medical students, nurses, PA's, community Ob/Gyn's, residents, midwives, nurses and researchers.

Flo Health, Consultant
AMAG Advisory Board, Member
GLG, Consultant
Abbott Advisory Board, Member
Dan-Arin Silasi, MD
Intuitive Surgical, Key Opinion Leader
Medtronic, Consultant

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.
