#### **ACCREDITATION**

The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

#### **TARGET AUDIENCE**

Attending physicians, house staff/fellows, medical students, nurses, physician assistants.

#### **NEEDS ASSESSMENT**

The practicing pulmonologist is commonly asked to assess patients for lung cancer screening, to manage the workup and treatment of lung cancer, and to monitor these patients for complications related to treatment. This lecture will provide the clinician with an up-to-date review of the recent advances related to this common clinical entity.

#### **LEARNING OBJECTIVES**

At the conclusion of this activity, participants will learn to:

1. To review publications from 2018-19 that update our understanding and management of patients with lung cancer.
2. To highlight recent publications challenging our past assessment of lung cancer biomarkers and management of oligometastatic disease.

3. To review the current best practices with regard to lung cancer treatment, as well as management of common cancer and therapy-related complications.

#### **DESIGNATION STATEMENT**

The Yale School of Medicine designates this live activity for 1 **AMA PRA Category 1 Credit(s)**™. Physicians should only claim the credit commensurate with the extent of their participation in the activity.
