

## Digestive Diseases and Yale Liver Center Research Seminar

Presented by
Yale School of Medicine's Department of Internal Medicine,
Section of Digestive Diseases

## "Type III inositol trisphosphate receptor in cholangiocytes: A calcium channel for all seasons"

## Jittima Weerachayaphorn, PhD.

Associate Professor of Physiology
Department of Physiology
Mahidol University
Bangkok, Thailand

Tuesday, September 17, 2019 TAC S-247 300 Cedar Street 5:00 - 6:00 pm

Host: Yasuko Iwakiri, MD

There is no corporate support for this activity. Accreditation: The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Target Audience: YSM faculty, fellows, and staff, and local GI physicians. Designation Statement: The Yale School of Medicine designates this live activity for 1 AMA PRA Category 1 Credit(s)™. Physicians should only claim the credit commensurate with the extent of their participation in the activity. Needs assessment: Cholangiocarcinoma is the second most common malignancy arising in the liver with a poor prognosis and limited treatment options. Better understanding of the mechanisms responsible for cholangiocarcinoma may have the potential to lead to the development of new treatment strategies. (Hepatology 2019, doi: 10.1002/hep.30839). Objectives: The role of calcium signaling in bile duct epithelial cells under physiological and pathological conditions. The role of calcium signaling and calcium channels in the pathogenesis of cholangiocarcinoma. Faculty Disclosures: J. Weerachayaphorn - None. Y Iwakiri - None. It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs. This course will fulfill the licensure requirement set forth by the State of Connecticut.
