

The Program for Humanities in Medicine

would like to invite you to hear a lecture given by

Linda Cummings

Fine Art Photographer and Psychotherapist

The lecture: **A TOUCH OF THE FARM RIVER**

accompanies an exhibition of Ms. Cummings' photography currently on display in the Smilow Cancer Center Healing Arts Gallery (4th floor). The photos were taken while paddling in a kayak on the Farm River in Branford. The hauntingly beautiful images of light on water ruffled with ripples and weeds engage our patients' eyes and spirits as they traverse a path to and from their medical encounters. The photos splendidly complement the biophilic nature of Smilow where frequent encounters with nature and its representations enhance healing in all.

Ms. Cummings teaches photography at the International Center of Photography in NYC and her work is in the collections of the major museums in America. Her acclaimed work as a creative photographer is allied with a major interest in the creative process and she capitalizes upon her art to explore this focus.

THURSDAY, OCTOBER 2, 2014

BEAUMONT ROOM 5:00PM

333 Cedar Street, New Haven
