“Water Over the Bridge: The Complex Relationship Between Urinary and Defecatory Disorders and Pelvic Pain in Adolescent Girls”

There is no corporate support for this activity

Course Director/Host: Lubna Pal, MBBS, FRCOG, MS, FACOG

Thursday, November 14, 2019 - 4:00PM-5:00PM

Brady Auditorium, 310 Cedar St

LEARNING OBJECTIVES:

At the conclusion of this talk, the attendees will be able to:

1. Understand physiological mechanisms and functional behaviors that contribute to the development of coexisting pelvic floor disorders including urinary incontinence, defecatory disorders, pelvic and perineal pain in children and adolescent girls;
2. Master time-efficient and effective history-taking and physical exams that reduce anxiety and fear;
3. Provide comprehensive treatment strategies for managing complex pelvic floor disorders including urinary incontinence, defecatory disorders, pelvic and perineal pain and constipation; and
4. Understand when multidisciplinary referrals are appropriate and necessary.

NEEDS ASSESSMENT:

To cover gap in knowledge on urinary and defecatory disorders in adolescent girls and relations of those to pelvic pain.

TARGET AUDIENCE

ObGyn attending physicians, house staff/fellows, medical students, nurses, PA's, community Ob/Gyn's, residents, midwives, nurses and researchers.
