

# The Yale Program in Integrative Cell Signaling and Neurobiology of Metabolism (ICSNM)

## 2019–2020 Speakers

### Tuesdays at 11:00 am – 12:00 pm \* Brady Auditorium

September 10, 2019

#### Diego V. Bohorquez, PhD

Assistant Professor in Medicine  
Assistant Professor in Pathology  
Assistant Research Professor in Neurobiology  
Faculty Network Member of the Duke Institute for Brain Sciences

Host: **Dr. Marcelo Dietrich**

June 2, 2020

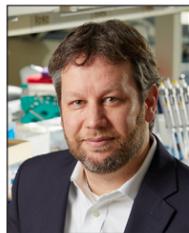

#### Ira Tabas, MD, PhD

Richard J. Stock Professor and Vice-Chair of Research  
Department of Medicine  
Professor of Pathology & Cell Biology (in Physiology and Cellular Biophysics)  
Columbia University Medical Center

Host: **Dr. Carlos Fernando-Hernandez**

October 1, 2019

#### Andrew Goodman, PhD

Associate Professor  
Yale Microbial Sciences Institute

Host: **Dr. Matthew Rodeheffer**

May 5, 2020

#### Stephanie Stanford, PhD

Assistant Professor of Medicine  
Clinical and Translational Research Institute  
University of California, San Diego

Host: **Dr. Anton Bennett**

November 12, 2019

#### Brian Finck, PhD

Center for Human Nutrition,  
Division of Geriatrics  
and Nutritional Sciences,  
John T. Milliken Department  
of Medicine, Washington University  
School of Medicine in St. Louis

Host: **Dr. Anton Bennett**

April 7, 2020

#### Elinor Sullivan, PhD

Associate Professor  
Oregon Health & Science University  
Department of Psychiatry  
Division of Neuroscience

Host: **Dr. Marcelo Dietrich**

December 3, 2019

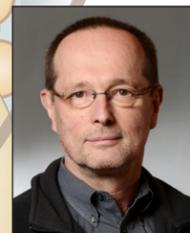

#### Zoltan Arany, PhD

Perelman School of Medicine at the  
University of Pennsylvania  
Philadelphia, PA 19104

Host: **Dr. Xiaoyong Yang**

March 3, 2020

#### Gunther Wagner, PhD

Alison Richard Professor of Ecology  
and Evolutionary Biology;  
Department of Obstetrics, Gynecology  
and Reproductive Sciences  
Yale University; Adjunct Professor of  
Obstetrics and Gynecology - Wayne  
State University

Host: **Dr. Marcelo Dietrich**

January 7, 2020

#### Meng Wang, MD, PhD

Investigator  
Howard Hughes Medical Institute  
Professor, Robert C. Fyfe Endowed Chair on Aging  
Department of Molecular and Human Genetics  
Huffington Center on Aging  
Baylor College of Medicine

Host: **Dr. Vishva Deep Dixit**

February 4, 2020

#### Rebecca Berdeaux, PhD

Associate Professor  
Integrative Biology and Pharmacology  
McGovern Medical School  
University of Texas Health Science Center  
at Houston

Host: **Dr. Yajaira Suarez**

### ICSNM Mission

The Program in Integrative Cell Signaling and Neurobiology of Metabolism (ICSNM) provides a forum for investigators to collaborate and integrate their research efforts in the areas of cell signaling in metabolic disease and neurobiology of metabolism.

The program promotes an interdisciplinary approach that seeks to synergize the expertise of investigators with backgrounds in various physiological systems that control metabolism. The Program's objective is to provide both a fundamental understanding of the molecular basis for the control of metabolic processes and how these metabolic systems communicate with each other to maintain metabolic homeostasis. The long-term goal of the Program will ultimately be to leverage this information to improve human health.
