

Department of Neuroscience

Symposium II

Monday, January 28, 2019

Continental Breakfast and Lunch Provided—Please Register by 1-23-2019 [CLICK HERE](#)

9:00 AM	Anthony Burgos-Robles, PhD - MIT “Stress-induced alterations in amygdala-prefrontal circuits: Implications for fear-related diseases.”	
10:00 AM	Anubhuti Goel, PhD - UCLA “Dissecting circuit dynamics underlying sensory discrimination and behavior.”	
11:00 AM	Yi Gu, PhD - Princeton Neuroscience Institute “Visualizing the spatial map in the brain.”	
12:00 PM	Lunch	
1:00 PM	Michelle Insanally, PhD - NYU School of Medicine “The significance of nominally non-responsive activity in auditory perception and behavior.”	
2:00 PM	Malavika Murugan, PhD - Princeton Neuroscience Institute “Navigating social spaces: Role of the prefrontal cortex in mediating social behaviors.”	
3:00 PM	Break	
3:30 PM	Jing Ren, PhD — Stanford University “Deciphering the heterogeneity and assembly of the dorsal raphe serotonin system.”	
4:30 PM	Lu Sun, PhD — Stanford University “How is myelination controlled in space and time?”	

9:00 AM to 5:30 PM

**The Maurice R. Greenberg Conference Center
391 Prospect Street, New Haven**

Parking: Limited parking is available at the Center. Overflow parking is available at the Leitner Observatory

Shuttle: The Center is located on the Yale Shuttle’s blue line with the closest stop being Yale Divinity School
