Saad B. Omer, MBBS, MPH, PhD, FIDSA
Director, Yale Institute for Global Health
Professor of Medicine (Infectious Diseases), Yale School
of Medicine

“Consequentialist Global Health in a Fact Resistant World”

Global Health is an evolving enterprise. One particular challenge it faces is skepticism to science. In the talk, Dr. Omer will describe challenges to modern global health and will share a few examples of translating evidence to policy for a consequentialist global health agenda.

12:00 PM Thursday, October 10, 2019

47 College Street, Room 106B

Host: A. Bei/G. Gonsalves/ N. Grubaugh
