“Management of HSV and VZV Anterior Segment Disease”

Friday, August 26, 2022
7:00 AM - 8:15 AM
Zoom | Meeting ID: 988 4618 2188, Passcode: 722779

This talk will cover the need to better understand why diversity is valuable. There is a pressing need to improve population visual health. Disparities in visual health arising from inequities in care and social determinants.

Texting code for 8/26/22 session: 33379 to 203-442-9435

Presenter:

Christopher J. Rapuano, MD
Chief Cornea Service
Wills Eye Hospital
Professor of Ophthalmology
Sidney Kimmel Medical College of Thomas Jefferson University

Program Goal:
1. Apply insights from NASEM Report for eye care.
2. Understand how social history taking can build better care.
3. Assess how reducing disparities will improve population eye health.

Target Audience: Ophthalmologists and Optometrists

Course Director: Ron Adelman, MD, MPH, MBA
Course Coordinator: Stacy Giangrande
