Head and Neck Cancer Screenings

SIGN UP FOR A FREE 5-MINUTE CHECK UP FROM THE NECK UP!

More than 50,000 people are diagnosed with an oral head and neck cancer in the U.S. annually. Why take a chance?

Common risk factors:

- Smoking/use of tobacco products (chewing, snuff)
- Drinking alcohol
- Poor oral hygiene
- Sexually active/HPV (human papillomavirus)

***Is it just a sore throat?
A persistent hoarse raspiness?
A mouth sore that just won't heal?***

In memory of John Joe, MD.
