

STEP LEARNING COLLABORATIVE CONSULTATION OFFERINGS

The STEP Hub Team offers expert clinical consultation for clinicians and treatment teams working with early psychosis. Topics often include case conceptualization, treatment planning and continuing care, and support for CSC team development and implementation.

1 Provider Consult Service

One-on-one consultation for individual providers with case questions or implementation support.

Scan to book individual sessions

2 Team Consultations

Multidisciplinary consultation for treatment teams. Treating teams are encouraged to attend together. Individual clinicians are also welcome. *CMEs available.*

**Offered on Mondays
1pm-2pm via Zoom**
