

Community Outreach and Engagement

National Clinician Scholars Program (NCSP) Foundations of Community-Engaged Research Audit Opportunity

Yale Cancer Center Community Outreach & Engagement Program (COE) is inviting applications from investigators interested in learning the principles and practices of community-engaged research (CEnR).

Up to 4 investigators will be selected to audit the NCSP Foundations of Community-Engaged Research course. This training is valuable for early-career researchers and professionals interested in health equity and community partnerships. Participants who complete the training will be eligible to apply for Yale Cancer Center pilot funding to conduct community-partnered research.
