

# Psychosis Support Family & Community Workshops

Everyone who interacts with youth regularly (coaches, teachers, clergy, youth counselors, law enforcement, etc.) plays a key role in getting individuals the care they need. By knowing what psychosis looks like and what help is available, they can spot symptoms sooner and provide individuals and families with support.

Join our series of workshops for free!

**Core Workshops happen every  
3rd Thursday of the Month**

**12-1pm via Zoom**

Check regularly for new  
dates on specialty topics.

Register to join!
