Contact Lauretta.Grau@yale.edu with questions.

Organized by the Interdisciplinary Research Methods Core of the Center for Interdisciplinary Research on AIDS (CIRA). CIRA is supported by National Institute of Mental Health Grant No. P30MH062294, Trace Kershaw, Ph.D., Principal Investigator.

Qualitative Research Discussion Group (QRDG)

QRDG Overview:

The goal of the Qualitative Research Discussion Group (QRDG) is to provide opportunities for individuals involved in qualitative or mixed-methods research to meet regularly to discuss the qualitative research process and potentially problem-solve issues that may arise when engaged in qualitative research. Discussion topics include, but are not limited to: logistics, data management, analysis, dissemination, role of the researcher, and ethics. It is intended as a venue for discussing research in progress and new or relevant literature on qualitative methods and practice as well as to create networking opportunities and foster research collaborations. CIRA's Interdisciplinary Research Methods (IRM) Core member, Laretta Grau, PhD, is coordinating the meetings. She can be reached at laretta.grau@yale.edu.
