

Yale SCHOOL OF MEDICINE

GENETICS DEPARTMENT SEMINAR SERIES

Consider the Lung as a Sensory Organ

This lung is exposed to aerosol environment. While it is known as the gas-exchange organ, our recent studies of neural sensory cells in the lung have led us to consider it as a sensory organ.

Dr. Xin Sun, PhD

Professor
UC San Diego

Host: Dr. Zhaoxia Sun, PhD

Associate Professor
YSM Department of Genetics

Tuesday, September 24, 2019

11:30am - 12:30pm

The Anlyan Center – N107

The Genetics Calendar of Events can be viewed on-line at
