Grand Rounds

Tuesday, September 14 at 12pm via Zoom

Philip Castle, PhD, MPH
Director, NCI Division of Cancer Prevention, Office of the Director

"At a Glance: NCI’s Division of Cancer Prevention"

Needs: To learn about the research sponsored by the Division of Cancer Prevention, about precision cancer prevention, and training opportunities.

Objectives: Understand the research sponsored by the Division of Cancer Prevention and to understand the role, and redefine the meaning of, precision medicine in cancer prevention.
