

# **The Program for Humanities in Medicine**

would like to invite you to hear a lecture to be given by

## **Nina Berman Photographer Columbia University**

The lecture is entitled: **PURPLE HEARTS**. In 2003, shortly after the start of the Iraq War, through 2011, Nina Berman photographed and interviewed severely wounded veterans upon their discharge from the military hospitals. Nina met them at a particularly complicated and painful moment as they had just severed their military ties and were settling in to the reality of being young disabled veterans in America today. Nina will present examples of her photography and video work and discuss her artistic approach and observations.
