

Yale School of Medicine  
Office of Student Research  
Application Form for Research Funds via  
The Lowe Endowment Fund and The Lewis Levy, MD, Research Fund

**Medical students are eligible to apply for up to \$1,000 in research funding per academic year, which runs from July 1<sup>st</sup> – June 30<sup>th</sup>.** Preference will be given to faculty/student pairs who do not have research grants or other funds available to cover these expenses. Funds will not be given if the faculty mentor holds a grant or has other funds.

Type of funds requested:

Equipment costs\*

Publication costs

Study participant remunerations\*

Other research-related costs (briefly explain)\*

\*For the funding request types listed above, you must include a copy of your research protocol with your name clearly indicated. If applicable, a copy of your HIC or IACUC application, or documentation of exemption, must also be submitted. **For questions about allowable expenses in these categories, please contact the Office of Student Research.**

**To apply, please complete the following:**

Please list any other sources of funding available to the faculty mentor for this project in the space below.

By checking this box, I attest that no other funds are available to support this project. I do not have existing grant funds that may be used for these expenses, nor do I have access to any other financial resources that could cover the requested costs.

Please list the supplier and associated cost for each item requested (maximum total: \$1,000). Before submitting, please contact the Office of Student Research with any questions about allowable research costs or equipment.

By signing below, we (the student and faculty mentor) attest that alternative sources of funding, such as grants or departmental funds, have been explored and are not available to cover these expenses.
