

Professional Licensure Disclosure

The Yale School of Medicine Physician Assistant Online Program leads to a Master of Medical Science. The Program is designed to fulfill the academic eligibility requirements to sit for the Physician Assistant National Certifying Examination (PANCE) but there may be additional requirements for licensure which will vary by state.

The table below provides information on whether the Yale Physician Assistant Online Program meets the educational requirements of licensure in each state. The table also provides additional information regarding other state specific licensure requirements. More information on licensure requirements is available at: <https://www.aapa.org/advocacy-central/state-advocacy/state-licensing/>
