

# THE 2ND INNOVATION AND DIVERSITY SUMMIT

Yale School of Medicine and FDA's Office of Minority Health and Health Equity

**Friday, February 28th**  
**7:30 am to 4:15 pm | Lunch will be provided**  
**Harkness Auditorium | 333 Cedar Street, New Haven**

The Innovation and Diversity Summit: Patient-Centered Approaches to Care and Research, a collaboration of Yale School of Medicine and our partners at the FDA Office of Minority Health and Health Equity and the YCCI Cultural Ambassadors for Clinical Research, will focus on raising awareness about the need for diverse participation in clinical trials; and innovative patient-centered approaches to care and research. Our goal is to bring stakeholders from the government, industry, academia, and community to provoke discussion about innovation and clinical trial diversity and raise awareness.

## Keynote Speakers

**Peter Marks, MD, PhD**, Director, Center for Biologics Evaluation and Research (CBER), U.S. Food and Drug Administration

**Gary H. Gibbons, MD**, Director of the National Heart, Lung and Blood Institute (NHLBI), National Institutes of Health (NIH)
